

How to use a bench or floor grinder safely

Tech Guide No. 2 Published by the Safety, Health, Environmental Technology Division of Georgia Tech Research Institute 1988

Make sure the manufacturer's recommended speed, as posted on the wheel, is compatible with your grinder

Always protect your eyes--
wear only an eye or face shield bearing the logo **Z-87**

Be sure the power transmission cover is securely in place

Maintain the tongue guard within 1/4 inch of grinding wheel*

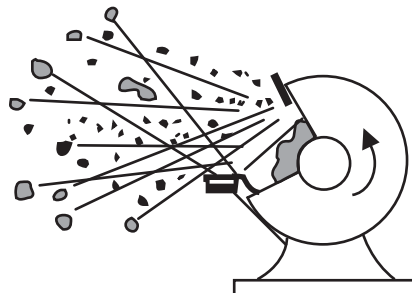

Maintain the tool rest within 1/8 inch of grinding wheel*

Be sure the outer wheel guard is in place

Mount the grinder securely

* As the wheel wears down, readjust the tool rest and tongue guard. When you can no longer adjust them, replace the wheel.

Important: When installing a new wheel, closely follow the manufacturer's instructions. An improperly installed wheel can break (right) and cause injury.
